The Victoria Hospice Palliative Performance Scale (PPS, version 2)

<https://victoriahospice.org/how-we-can-help/clinical-tools/>

The Palliative Performance Scale (PPS) has been shown to be both valid and useful for a broad range of palliative care patients: those with advanced cancer diagnoses or life-threatening non-cancer diagnoses in clinics, hospitals, or hospices.

<https://eprognosis.ucsf.edu/pps.php?p=palliative>

The practice of hospice palliative care is relatively young. In Canada, it began in the 1970s and has evolved rapidly.
